

# KORGEN CAMPING AS

– ACCOMMODATION/ACTIVITY • CAMP SITE/ SALMON FISHING –

Small camp site situated by the river Røssåga, a very good salmon and trout fishing river. Beautiful mountain area surrounding the camp site and the village of Korgen.

Camp site is situated in a quiet and tranquil place in the village of Korgen. Nearest shop is 1km away. High standard cabins are open all year round and the basic cabins are open between 1st June - 10th September.

The nearby mountain area of Okstindan offers great hiking opportunities. In the Okstindan mountain area you can also visit the well known Rabothytta cabin, Norway's most impressive DNT cabin. The cabin is known for its unique design and is dramatically situated at 1200 meters above sea level on the edge of the Okstindbreen glacier.

## Salmon fishing:

Salmon fishing available during July and August. Korgen Camping, disposes a separate, easily accessible and well organized fishing stretch.

The owners have made a considerable effort to make the beat easily accessible, and this stretch is therefore eminently suitable for spinning and fly fishing. There is an exclusive fly fishing zone and two log shelters with fireplaces.

**Capacity:**  
5 high standard cabins  
8 basic standard cabins  
Total: 65 beds
