

SKOLO

- ACCOMMODATION • COFFEE • PIZZA • ART SHOP • EVENTS -

The old island school (1954) reopened after years of decay and a thorough renovation in 2020, featured in The Norwegian Review of Architecture and supported by Norwegian Cultural Heritage Fund and Innovation Norway. Now ready to welcome guests looking for an authentic stay combining the best of rural serenity and Helgeland's nature, with a touch of urban qualities.

The tree different apartments, fully equipped, are suited for couples, families and larger groups. We offer bicycle's to rent for over night guests and are located in walking distance to kayak rental at Seløy Kystferie,

Pizzeria, coffe bar with baked goodies, a small island **book shop with design items**. We also design and produce our own items with hand picked artists.

Sustainability is at the core of our identity, and every single guest is supporting our goal to build a viable social meeting place and creative space open all year for the local community to thrive and attract new residents, businesses and artists.

Warmly welcome!
