## STØTT – TOP OF HELGELAND

Join us for a daytrip with kayaking adventures in our beautiful archipelago. Støtt is renowned for its sheltered harbour and is the perfect area for a guided kayak trip or kayaking course.

Our guided kayak trips are tailored to your wishes, skills and level of experience, and to the season and weather. We will choose between many suggested kayaking routes. Together, we compose the trip that are ideal based on your skills, the weather conditions and the season.

Whatever your preference, exploring Støtt Nature Reserve and its spectacular birdlife makes for memorable adventures. Kayaking is the best way to explore Støtt the nearby islands and islets, their coves and beaches. Some of these islets are part of a nature reserve. You will find rare flora and amazing birdlife with large nesting colonies. Enjoy watching cormorant flocks and playful otters, while eagles soar the sky high above you.
