

EXPLORE THE ISLAND STØTT – FISHING VILLAGE TOUR

STØTT – TOP OF HELGELAND

We invite you to explore Støtt with our experienced guide. The island has viewpoints that offer ever-shifting impressions of the ocean. Savour the impressive wild elements, the sandy beaches, the rich birdlife and tranquillity.

Our knowledgeable local guide will enrich your walk through the fishing village, highlighting its fascinating cultural heritage.. One of the highest points on Støtt, the Svenningen plateau, has a magnificent panorama of the jagged peaks of the Lofoten Islands to the north, the Helgeland coast and its myriad of islands to the south, and the Vestfjord in between. At Svenningen we will have a closer look at gunnery positions and bunkers built during the German occupation. Duration: 3 hours

After a seafood lunch in the restaurant we explore our proud heritage in the museum on the second floor of Støtt Old Trading Post. And we'll tell you more about the lives of the fishermen who inspired Bojer's novels. Duration: 2 hours
