

# HOUSE BY THE SEA

– ACCOMMODATION • ROOMS –

Far from the mainland and surrounded by open seas is the beautiful island of Træna. Here you find the accommodation House by the Sea, a unique experience thanks to its scenic location, incredible view and innovative architecture.

The largest cabin has comfortable accommodation for four people, while each of the two smaller tower-shaped cabins is suitable for two people (Please note that the two towers have steep stairs up and down to the bedroom). All three units have clean, elegant lines that complement their surroundings – and the carefully chosen site. Large windows provide immersive views of the raw and rugged scenery, and the ever-changing sky and sea. The cabins are equipped with custom-made wooden furniture of modern Norwegian design,

Capacity: 3 small houses, total of 8 beds.

Activities and attractions on the island:

You will often see some of Træna's white-tailed sea eagles soaring the sky (you could even see it from the bedroom!) and a short ride on the local shuttle boat will bring you to the island of Sanna, which offers some of Norway's finest hiking.

It is also possible to try fishing either with a rented boat or also with a local guide. Activities like snorkling, kayaking and climbing could be organized on request.
