ABOUT

A modern seafood experience at Moholmen Marina, with a focus on fresh, local ingredients from the sea and nearby farms. The kitchen is inspired by the sea, using carefully selected ingredients from local fishers and producers across Northern Norway. Here, you'll find world-class seafood alongside flavourful meat dishes from nearby farms. The atmosphere is beautifully relaxed – elegant and modern at the same time – making it just as well suited for a casual weekday dinner as for a special occasion.
