ABOUT

KRED Pub & Café, located in the heart of Brønnøysund, serves as the town's vibrant cultural hub – a mix of pub, restaurant, and live stage. Open year-round, it offers flexibility for tour operators planning both daytime and evening experiences.

The pub features a varied menu with burgers, fish dishes, desserts, and drinks, as well as coffee and snacks during the day. With live music, quizzes, stand-up shows, and sports events every weekend, KRED creates an energetic atmosphere with strong local roots. The space covers about 190 m² and includes a 20 m² stage. It can be adapted for standing concerts with over 300 people, seated events with around 220 guests, or conferences and private functions with table service for up to 140. Ideal for group experiences, private events, or as a dynamic dining option within a tailored itinerary.

Tour operators can use the venue for event packages including food, drinks, entertainment, and conferences. Its central location ensures easy access, and the space has an urban, welcoming feel with artistic touches like Beatles and guitar-themed décor. While not officially eco-certified, the venue emphasizes sustainability through its environmentally conscious visitor policy. This is a key venue for travel professionals looking to showcase contemporary coastal culture in Helgeland combined with a authentic local feel.
