Distance from town

0 km

ABOUT

Helgeland Travel Service (HTS) will gladly take you on a tour to Helgeland's many attractions. Whether we explore the coast or inland tracts, on a clear summer day or a day with mist and rain, all of our excursions will show you the magnificent landscape of Helgeland.

HTS takes pride in tailoring each aspect of your adventure, from arrival to departure. Together with their experienced partners, they'll provide transport and accommodation, and guide you to amazing attractions – taking into account the desires and wishes of your group.

As a guest of HTS, you are always in the best hands, with experienced local guides and drivers. Thanks to their in-depth knowledge of Helgeland, you will encounter hidden gems, have the best photo stops, and hear stories that truly give you insight into the cultural and natural heritage of the people of Helgeland.

HTS offers car rental in collaboration with Hertz. You can also rent a minibus, if you have the necessary license. You can, of course, also hire a bus – large or small – along with a skilled driver.
