Guided tours also include an introduction to basic paddling techniques and safety protocols, accompanied by an adult.

Distance from town

137 km

Environmental certifications

ECO-lighthouse

ABOUT

Helgeland is ideal for kayaking, and Meløy Adventure will gladly take you on a guided trip to some of the most beautiful destinations along this magnificent coast. By kayak, you can head for any number of beautiful white-sand beaches, peer up at the impressive mountain called Rødøyløva, or enjoy views of the dazzling Svartisen glacier.

If you have a Wet Card (våttkort) from the Norwegian Kayaking & Canoeing Association NPF or equivalent certification, you are also welcome to rent a kayak and head out on your own adventure.

Meløy Adventure invites you to join guided kayaking excursions in the Meløy and Rødøy districts. Their expert guides will give you a good introduction to basic kayaking techniques and important safety guidelines. You will be safe on the water and soon experience a satisfying feeling of mastery.

Our guided tours include the use of a sea kayak and all the equipment you need: oar, spray cover, drysuit, life jacket and neoprene shoes.
