ABOUT

Augustbryggo is beautifully located on Seløy in Herøy municipality, surrounded by skerries, mountains, and open sea. Here, local food, accommodation, and coastal culture come together in a complete experience — tailored for both individual travellers and groups.

The restaurant serves flavourful dishes made with locally sourced ingredients from both land and sea — in collaboration with local producers such as Seløy Fisk. Meals are served inside the rustic restaurant or outdoors on the quay when the weather allows. The “Tørrfiskloftet” on the third floor can also be reserved for private events and meetings, with space for up to 50 people.

Augustbryggo is a perfect base for activities like kayaking, coastal hikes, and cultural experiences such as art exhibitions and local craft workshops. It's located about 30 minutes from Sandnessjøen and is easily reached by car and ferry.

It's the perfect mix of comfort and authentic coastal life — ideal for travellers looking to slow down and enjoy good food and real experiences on the Helgeland coast.
