ABOUT

Bolga Brygge is situated on the island of Bolga in Meløy municipality, in the far north of the Helgeland coast. The dominating feature of the island is Bolgafjellet, which has been a sailing mark for generations of seafarers. A scenic archipelago surrounds the beautiful island.

After your arrival, you will notice that you settle into a calm, hearing the soothing sounds of seabirds and waves washing the shore. The island provides fine opportunities for fishing and hiking.

With accommodation at Bolga Brygge, you have the surf of waves just outside the bedroom window. As a guest, you can choose between a holiday apartment, a house or a restored wharf building.
