June - September

Capacity / number of guests

Minimum 1, maximum 3

Duration

3 hours to a full day

Level

Grade 1

Included

- Life jackets
- Fishing equipment (if required)
- Map of nearby fishing spots

Distance from town

234 km (Brønnøysund)

ABOUT

This experience offers guests the opportunity to use a traditional Nordlandsbåt (Bindalsfæring) — a cultural heritage vessel historically used for coastal fishing.

The boat accommodates 2–3 participants and can be rowed or sailed. Basic instruction is provided on request, ensuring a safe and accessible experience for most guests. Sailing is available upon agreement and requires prior experience.

Rental is managed through Helgeland Museum at Terråk, where participants are equipped with life jackets, optional fishing gear, and local maps highlighting nearby fishing areas.

Standard rental duration is up to 4 hours, with the option to extend upon request.

The activity combines cultural heritage, light physical activity, and nature-based exploration, making it suitable for small groups, cultural travellers, and soft adventure programmes.
