## ABOUT

Hattfjelldal Hotell – GoExtreme is beautifully located on a hillside just outside Hattfjelldal centre, surrounded by majestic mountains and lakes.

Open year-round, the hotel is an ideal base for both summer and winter activities – from fishing in 2,000 local lakes and hiking mountains like Hatten, to snowmobiling across 360 km of marked trails. GoExtreme offers equipment rental, guided tours, and gear transport. Free Wi-Fi covers the entire area, and facilities include a sauna and jacuzzi.

Conference guests have access to several small meeting rooms, with the main lounge accommodating around 50 participants and total capacity for 80–95. Meetings, seminars, and teambuilding can easily be combined with outdoor experiences, giving the hotel stay a strong local connection. The nearest airport is in Mosjøen, about 80 km away, and there's a train station in Trofors, 40 km away. Free parking and shuttle service are available.
