ABOUT

This popular 6-hour tour begins at Scandic Syv Søstre in Sandnessjøen, where you will meet your guide for an unforgettable day trip through the stunning Helgeland archipelago. Bicycles, necessary equipment, and meals are included in the booking.

This adventure tour combines magnificent coastal scenery with meaningful local cultural experiences. As we cycle towards Herøy, the landscape opens up to reveal the Vega Islands ahead, Træna and Lovund rising on the horizon out at sea, and Dønnamannen towering behind us. To the southeast, the iconic Seven Sisters mountain range makes a powerful impression on the skyline.

Along the way, we stop at Café Skolo to enjoy high-quality Neapolitan pizza before visiting Etcetra Botanical Excesses — a colorful and creative space that adds a surprising and memorable touch to the journey.

The tour concludes with an exhilarating return to Sandnessjøen by speedboat.
