- Warm winter clothes and shoes. Can also be rented for NOK 300,-

Distance from town

12 km (Mosjøen)

Environmental certifications

ECO-lighthouse Certified

Eco-lighthouse®

ABOUT

Snowshoeing offers an accessible and enjoyable way to experience Helgeland's pristine winter scenery. This activity requires no prior experience and is suitable for almost all visitors. Equipped with snowshoes and poles provided by Hi North, participants move easily through snow-covered forests and gentle mountain terrain, where trees are often coated in sparkling snow crystals.

The pace of the walk is calm and unhurried, creating ideal conditions to take in the silence and beauty of the surroundings. Along the way, there is a good chance of spotting wildlife such as reindeer, moose, hare, or fox.

Each snowshoeing excursion is tailored in dialogue with the participants. Routes may include a round-trip hike at Sjømoen, visits to scenic viewpoints, or a stop at a lavvo for a warm meal by the fire. Hi North supplies all necessary equipment along with a hot beverage and simple energizing snacks like chocolate or biscuits.

This snowshoeing experience offers a comfortable, nature-focused introduction to Helgeland's winter wilderness.
