ABOUT

Himmelblå Brygge is located on the small island of Ylvingen, right at the edge of the open sea. Here, great food, unique accommodation and authentic coastal experiences come together – from sailing, kayaking, freediving and diving to slow days close to nature and sauna by the sea. Ylvingen is the perfect base for exploring the spectacular Helgeland coast. With a warm and informal atmosphere, Himmelblå invites you into a playful, adventurous community – a vibrant gathering place where the power of the sea and the joy of shared moments create memories for life.

We have both accommodation, food and activities. Inclusions are tailored to your preferences and the experience you choose.
