### ABOUT

Join us for an enriching journey through the heart of Husøya, where the deep-rooted history of the islanders meets the dramatic landscape of the Helgeland coast.

This guided tour offers a unique glimpse into the soul of Norway's oldest fishing community. We'll ascend to the Water Tower for a breathtaking 360-degree view of the Helgeland coast, visit the evocative Petter Dass Chapel with its stunning Karl Erik Harr art, and conclude the journey at the historic Træna Church and Museum. A perfect blend of dramatic nature, coastal culture, and 9,000 years of history.

The tour can be adapted to a starting point of your wish.

During the walk we also stop at interesting places, and guests can ask the local guide how it is to live on a remote island all year around.
