ABOUT

This summer, bird lovers, history enthusiasts, and anyone who wants to experience Lånan are welcome to visit us.

Every Sunday in June and July, we offer a boat trip out to the island. Here, you can visit a living World Heritage site. You will gain insight into the old tradition of eider farming and eiderdown, and you will hear what it was like for us, as present-day bird guardians, to grow up on an island along the Helgeland coast.
