## ABOUT

Start with the film *The Struggle for Saltfjellet*, which offers a poignant insight into the history of Sámi rights, nature conservation, and the artists' commitment.

Then, we take you on a tour of the Life and Work exhibition, where you will learn how Sámi culture and history are intertwined with the landscape and conservation areas.

The tour also includes a short walk to Roparneset, where you will visit an authentic Sámi settlement with turf huts and storehouses. Here, you will experience how Sámi traditions have survived and evolved in the face of modern times.

The experience concludes with a gathering around the campfire, where you can reflect on your impressions over a cup of campfire coffee.
