Visitors are advised to dress according to the weather.

Distance from town

31,6 km

ABOUT

Svartisen is located just north of Mo i Rana. Svartisdal takes you by boat across Svartisvatnet so you can witness this spectacular glacier.

In the kiosk, you can purchase drinks, snacks, and souvenirs. There are toilets available at the parking area, but none closer to the glacier.

The boat trip takes about 10 - 20 minutes, and is followed by a walk of about 3 km. The hike goes over solid rock and begins with a steady ascent before flattening out towards a popular viewpoint. Here, there is a shelter where you can enjoy your packed food and drinks while taking in the view of the glacier arm.
