- Concludes with coffee around the campfire in the yard. In case of bad weather, we will have coffee by the fireplace inside.

Environmental certifications

Eco-Lighthouse Certified

ABOUT

The national parks of Nordland encompass a unique landscape with rich wildlife and plant life.

On this guided tour, our nature guides will take you through the “IRREPLACEABLE” exhibition, where you will learn about fragile ecosystems, rare species, and why these natural areas are so important to preserve. At the same time, you will gain insight into Norwegian and Sámi culture – and how people have lived in harmony with nature through generations.

As an add-on, the tour can be wrapped up with a pleasant moment around the fire, where you can reflect on your impressions with a cup of freshly brewed campfire coffee.
